| Provide professional development opportunities that are responsive to the needs of advisors and advising administrators | Continue to increase proposal submissions | Hold a conference call to brainstorm ideas
Use listserv and conference call to help members find co-presenters | Proposals will increase from 7 to 9 (25% increase) | There were only 5 proposals submitted this year for the annual conference. The listserv was used to help facilitate brainstorming and finding co-presenters, but there was little interest in a conference call. | Due to the decrease in proposals, it is important for this to continue to be a priority. Direct email to commission members, Facebook, and the listserv can all be used in the future to promote submitted proposals. In addition, this will be discussed at the commission meeting to solicit ideas from members. |
| Provide professional development opportunities that are responsive to the needs of advisors and advising administrators | Increase networking within the Commission | Hold a social event at the annual conference
Send a survey to the commission about the best ways to communicate | An event will be held at the annual conference, and members will attend.
A survey will be created and sent. Responses from the survey will inform future action. | A social event was held at the 2014 annual conference, but was not attended. The survey was not sent this year. | It will be a priority in late Fall 2015 to send a survey to commission members regarding communication methods. |
| Expand and communicate the scholarship of academic advising | Increase research within the commission or of commission related topics | Listserv posts to connect people interested in research 
Explore the possibility of a campus climate survey related in students with disabilities | A subgroup interested in research will be identified. Research subgroup will identify next steps for campus climate survey. | While this was a hot topic at the annual conference, there was little traction on this throughout the year. | This goal will be reevaluated at the annual commission meeting to determine if this is still a priority for the commission. |

Reporting Due Dates: Columns 1 through 4 are to be completed by November 1 each year; columns 5 and 6 are to be completed by August 15 each year. **THESE REPORTS WILL BE SENT TO ELSHAFFER@KSU.EDU & YOUR CIGD STEERING COMMITTEE MEMBER.**
