

## NACADA MONTHLY HIGHLIGHTS

February 2022

---

### **REI Work Group:**

The seeds of Diversity, Equity, and Inclusion (DEI) have been planted. The efforts by the REI Work Group have been extensive, exhausting, and exhilarating. Capped after two years by their final meeting in December, their multi-faceted initiatives will continue to unfold and nourish our Association under the stewardship of the newly forming Inclusion and Engagement Training (IET) Advisory Board. Among their initiatives are three important draft documents shown and linked below. Facilitated feedback sessions for these will be held at each Regional Conference plus three separate community forums the first of which is scheduled for Friday, 2/25 at 1 p.m. CT. Further announcements will appear in “NACADA Next Week” closer to the events.

- Commitment to Diversity, Equity, and Inclusion
