

Shalece Nuttall
Utah Valley University
Awards Chair Nominee

Why do you want to be on the Region 10 Steering Committee?

One of the best things about being an advisor is the opportunity to network with other advisors and to find best practices to incorporate in our student appointments. I feel that Region 10 truly has the best advisors and participating on the Region 10 Steering committee would be a great opportunity to learn more from the advisors in the Rocky Mountain Region. I have been advising for over 10 years within one of the fastest growing 4 year public institutions in the state of Utah. I seriously love my job, the advising team in which I work with, and the students I serve! I want to be able to provide advisors in Region 10 opportunities for growth, establish best advising practices, and to help them be extraordinary in their interactions with others and the students. I enjoy serving others and look forward to the opportunity to serve the advisors within Region 10.

What do you bring to the position you are applying for?

Having the opportunity to serve as the Region 10 Awards Committee Chair would be a great experience and opportunity to connect with amazing advisors within Region 10! I have participated in different aspects of the awards committee by reviewing and scoring Region 10 Travel scholarships and Excellence in advising awards for the past three years. In 2016 I was awarded the Annual conference travel scholarship through Region 10, and the 2016 Excellence in Advising-Advisor Primary Role-Certificate of Merit. I truly love my job as an advisor, and want to be able to connect with advisors in our region who are passionate about what they do. Professional growth and development of an advisor is an important role in the advising profession, and I want to encourage others to find ways to participate and grow within the field.
