Mentoring Program Updates

Region 4 Mentoring Program is moving and shaking so far this year. With 17 mentees and 12 mentors in this year's cohort, mentees are working toward individualized goals through monthly meetings with their mentor, plus engaging in a Virtual Cohort Connection series monthly with webinar topics chosen by participants. So far we have learned about NACADA involvement, ethics & boundaries in advising, self-care, proposal best practices, career development, and more!

If you're interested in joining the Region 4 Mentoring Program next year as a mentor or mentee, keep your eye out for application calls around the time of Annual Conference.
